

Nodweddion Diddorol

A Carnedd - I'r chwith o'r giât mae'r hyn sydd o bosibl yn olion carnedd gylch o'r Oes Efydd lle'r oedd pobl yn claddu'r meirw rhwng 3-4000 o flynyddoedd yn ôl.

B Lyn Barfog - Un tro gwnaeth ffermwyr tlawd rannu ei fwyd â hen wraig a gurodd ar y drws. Diolchodd iddo am y pryd, gan addo o'r dydd hwnnw ymlaen y byddai'r fferm yn ffynnu. Canfu'r ffermwyr fuwch wen yn ei gae. Roedd ei llaeth yn fras ac roedd yn cynhyrchu mewn diwrnod yr un faint ag yr oedd y gwartheg eraill yn ei gynhyrchu mewn wythnos. Daeth y ffermwyr yn gyfoethog, ond hefyd yn farus. Penderfynodd ladd y fuwch i werthu'r cig, ond wrth iddo godi bwyell, parlyswyd ei fraich, a diflannodd y fuwch am byth i'r llyn. Ni ffynnodd y ffermwyr eto.

C Carn March Arthur - Yn ôl y chwedl, roedd bwystfil blewog a oedd yn bla ar yr ardal yn byw yn y llyn. Cafodd ei lusgo allan o'r llyn gan geffyl y Brenin Arthur, ac wrth wneud hynny gadawyd ôl ar y creigiau, ac mae modd ei weld yno hyd heddiw.

D O'r llwybr mae golygfeydd godidog o aber Dyfi.

E Mwyngloddio - Darganfuwyd gwythiennau o gopr a phlwm ar ddechrau'r 18fed Ganrif, ond mae'n bosibl y dechreuwyd gweithio'n gyntaf ar byllau plwm Bryndinas, Tyddyn-y-briddell a Melin Llyn Pair yng Nghwm Maethlon gan y Rhufeiniaid. Nid oedd y cynhyrchiad o'r pyllau hyn yn rheolaidd a daeth y gwaith i ben tua 1880.

Points of Interest

A Cairn - Just to the left of the gate is what might be the remains of a Bronze Age round cairn where people buried their dead some 3-4000 years ago.

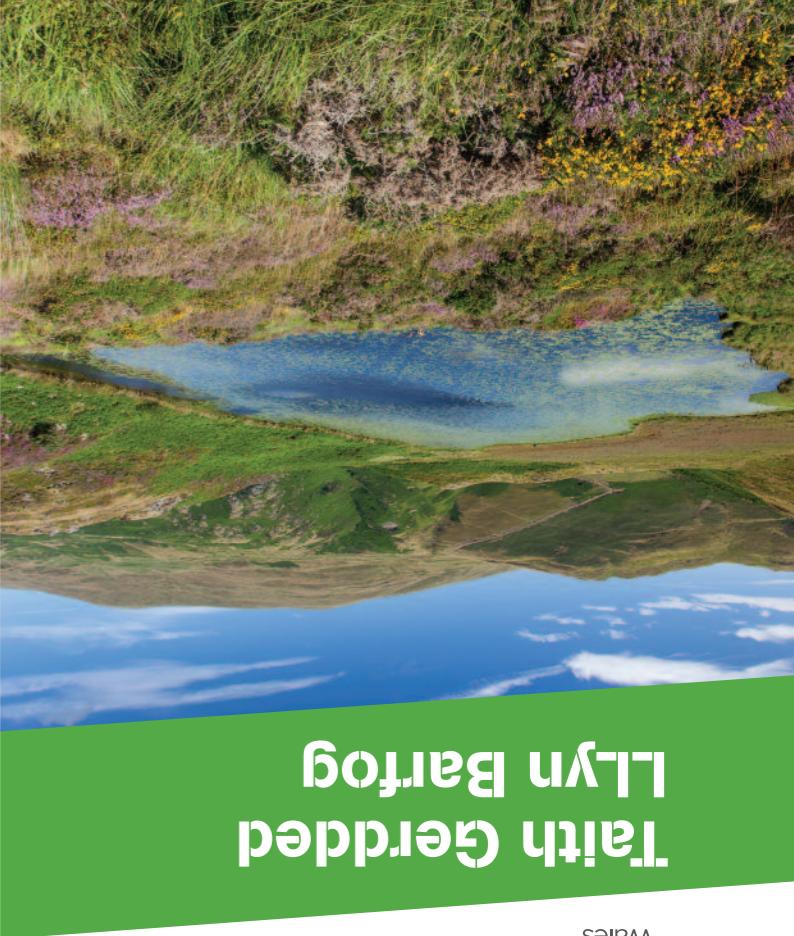

B Lyn Barfog - the Bearded Lake - Once upon a time a poor farmer shared his food with an elderly woman who knocked on the door. She thanked him for the meal and promised that from that day forward the farm would prosper. The farmer found a white cow in his field. Her milk was rich and she yielded as much in one day as the other cows in a week. The farmer became wealthy, but also greedy. He decided to slaughter the cow to sell the meat, but as he raised an axe his arm was paralysed and the cow disappeared forever into the lake. He never prospered again.

C Carn March Arthur - Legend has it that a hairy monster which terrorised the locality, lived in the lake. It was dragged out by King Arthur's horse, and in doing so a mark was left in the rocks, which can still be seen today.

D From the track there are good views of the Dyfi estuary.

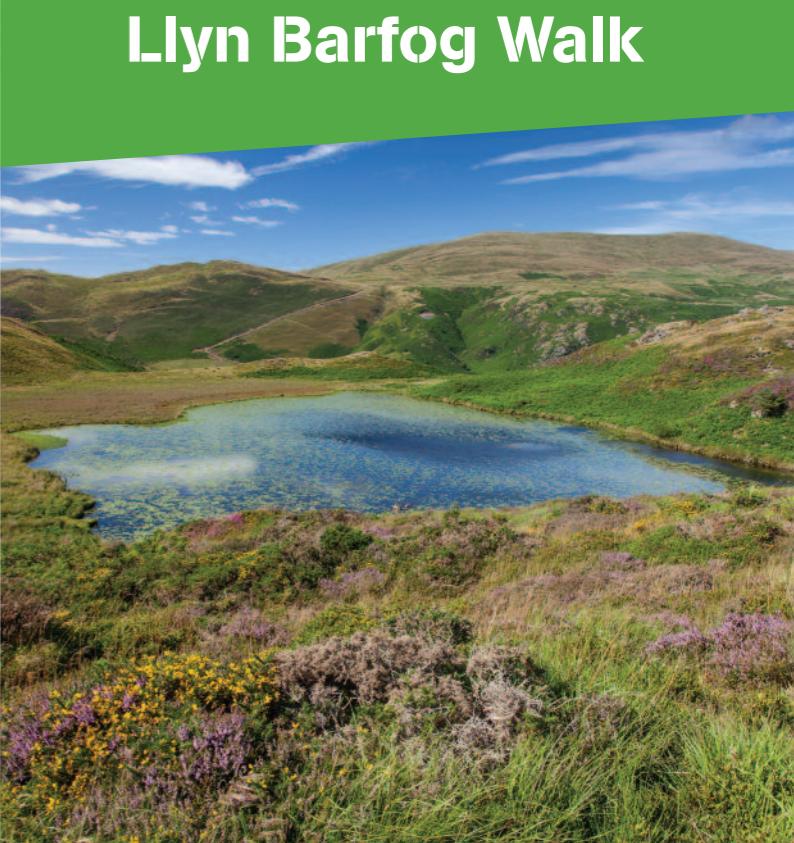

E Mining - Seams of copper and lead were found at the beginning of the 18th Century, but it is possible that the lead mines of Bryndinas, Tyddyn-y-briddell and Melin Llyn Pair in Cwm Maethlon were first worked by the Romans. Production from these mines was irregular and ceased around 1880.
